

The European Union (EU) chemical regulation, REACH (Registration, Evaluation, Authorization and Restriction of Chemicals), entered into force on 1st June 2007. The Candidate List, as defined in the Article 59 of REACH was first published on 28th October 2008 and is being amended regularly.

The present document is issued with reference to the Candidate List updated on 21st Jan 2025. Items marked with <sup>3)</sup> are in accordance with the version of the candidate list published 7th Nov 2024. REACH requires Toshiba to provide customers with sufficient information if Substances of Very High Concern (SVHC) included in the Candidate List are contained in our products at a concentration above 0.1% weight by weight (w/w).

Product <sup>1)</sup>	Substances of Very High Concern (SVHC)	
	Substance name <sup>2)</sup>	EC Number (CAS Number)
<sup>1)</sup> with accessories, such as AC cable, etc. Calculation is based on the weight % of individual part included in product.		
<sup>2)</sup> The mentioned SVHC may be contained in some parts of the listed articles in a concentration above 0.1% weight by weight.
