|  | TT5OI21.PRI   | ISO2          | Ver.1                   |

### 3. Combination of ROM Versions

Though there is no special combination for this issue, one of the latest versions is recommended.

### 4. Restrictions

There are the following three restrictions.

- 1) The cover page and back cover (Insert Page) with the content cannot be stapled.  
 The data created by this device type are separated; for cover page, back cover (Insert Page) and content. Therefore, they cannot be stapled in the same job.  
 The content pages without any cover or insert pages can be stapled.
- 2) Do not use any resolution other than 600 dpi.

If you set any other resolution (300, 200, 150, etc.), printing will not be performed with the resolution.
